A LEADER IN HEALTHCARE CONSTRUCTION

Advanced Medical Builders, Inc. (AMB) is a full service General Contractor specializing in Healthcare and Hospital Construction. Because of the highly technical nature and sensitive environments in which we work, AMB has been specifically designed to meet the needs of Hospitals, Medical Offices and Equipment Manufacturers. AMB has become known for accurate budgets, realistic schedules and an unyielding commitment to quality.

Our exclusive focus on Healthcare facilities is not by accident. With repetition comes perfection and we strive to raise the bar each and every day. From our beginnings hard work, honesty, integrity and professionalism have always been the trademarks of AMB. Our goal is to exceed your expectations by delivering your project quickly, safely and as cost effectively as possible. We look forward to speaking with you about your next project.
